Customer Reviews

No idea if this book is good as I returned it. I purchased for kindle via my phone. I thought I was ordering the novel and was annoyed to find a trivia book instead. The title is very misleading, especially on a small device. Hey publisher, please put the words "Trivia about" before the name of the novel when the novel's name is very long. On the plus side, it's nice to know that the novel is popular enough to spawn reading guides and trivia books.

First, this book is a bit misleading as it does not state in the title that it is a trivia book. However, the trivia in the book is very interesting. I have never read the novel that it is based on, but I think this book could possibly be made into a game. The writing is done well and the author provides a look inside a bit of the novel it was written from with each answer given to the trivia question.

In fairness of the book, it was challenging. So the book was just a trivia compilation about 100-Year-Old Man Who Climbed Out the Window and Disappeared. I'm not fan of the said book, but twas interesting. I hope some books would do the same. Keep up.

The novel also contains brilliant satire concerning human limitation with a man who is aging before our eyes. Fantastic story with come to life characters. The story is so fun and fascinating, I couldn't put the story aside. I highly recommend it.

Very amusing read. I liken it to a a 100 year old Forrest Gump. If you want a book that makes you laugh and has nothing to do with reality, this is a great read.

It was interesting facts about 100 year old man who climbed out the window disappeared. But it was not actually what i have expected.

It is a pointless exercise designed to relieve Kindle readers of their money. Do not buy as you will be disappointed

Terrible buy. I wish I could get a refund, is belongs online as a quick set of questions not as a buy option.
