Chip Carved Christmas Ornaments: 20 Patterns With Infinite Variations

Synopsis

Make a tree full of festive chip-carved holiday ornaments with this handy guide. Chip carving, one of the earliest forms of traditional woodcarving, is also one of the easiest methods for beginners to learn. Award-winning chip carver Bruce Nicholas shows how to create an endless variety of exquisite ornaments, using just three basic cuts and only two knives. Based on his many years of chip carving experience and class instruction, Bruce shows how to create finely pierced carvings that will let the holiday lights shine through. 46 ready-to-use full-size patterns include versatile elements that can be re-combined with infinite variations the only limit is your imagination. The author also reveals his beautiful techniques for staining the ornaments with water color pencils."

Book Information

Customer Reviews

I got this for my dad for Father's Day and looking through it, it has a lot of pretty and neat Christmas ornament projects that don't appear to be too hard. With 46 different designs, he will have a lot to choose from to keep him busy since he is retired. The layout and pictures are very nice and I think he will enjoy this book!

This is a great book for beginner chip carvers to learn as well as make up Christmas ornaments to share

Lots of ideas, interesting take for me on adding color to carvings. Waiting to start using ideas for Christmas.

Excellent purchase well pleased with this purchase

These patterns are well designed. And easy to use
