175 Years Of Cunard

Synopsis

Celebrating 175 years of the iconic Cunard Line, the world's most famous shipping company Throughout 175 years, Cunard has been instrumental in creating the American dream, transporting millions of immigrants to the new world. During both world wars, the Cunard ships answered the call of duty and transported thousands of troops to fight on the sides of the allies. After the Great Depression, Cunard merged with the famous White Star Line to form Cunard-White Star. Cunard's QE2 was a much-beloved liner and the most famous ship at sea, sailing more than 2.5 million miles during a 40-year career. Today the three current Queens are a celebration of Cunard's heritage. This book traces, through unique photographs and easily accessible narrative, the 175-year history of Cunard Line.

Customer Reviews

Another wonderful book on the history of such an iconic name, Cunard. Chris and Rachelle delve into the rich 175 year history of the this world renowned company and explain how it has evolved from taking mail to luxury cruising at its finest. This book is for anyone who loves history, nostalgia and who loves Cunard and what it stands for. It certainly would entice anyone new to cruising to want to take a cruise or passage aboard one of the three current queens. Well done again on yet another great book.

Found factual errors, misspellings. I have better books on Cunard.

Nicely done. Not a lot of new material, but a nice commemorative book.

A Beautifully illustrated document on this iconic steamship company

Great book, brought back a lot of good ship memories for me when traveling with Cunard Line, especially on the "QE2".
