Sidewalk Oracles: Playing With Signs, Symbols, And Synchronicity In Everyday Life

Synopsis

Synchronicity is when the universe gets personal. Through this book of games and enchanting stories, youâ™™ll learn how to monitor the play of coincidence and the symbolic resonance of incidents in daily life in order to tap into the deeper logic of events, receive extraordinary counsel, and have wonderful fun. You will be invited to become a kairomancer: someone who is poised to catch the messages in special moments when synchronicity is in play â” and to take action to seize the opportunities those moments present. To be a kairomancer, you need to trust your feelings as you walk the roads of this world, to develop your personal science of shivers, and to recognize in your gut and your skin that you know far more than you hold on the surface of consciousness. This is a way of real magic, which is the art of bringing gifts from a deeper world into this one. Follow it, and you will put a champagne fizz of enchantment into your everyday life.

Customer Reviews

I'm reading the latest book written by Robert Moss. If you are familiar with Robert Moss and his writing, he needs no recommendation. His books on dreaming and awareness are among the most useful and poetic in print. If you are not familiar with Robert's work, while this is in certain respects

quite different from his preceding works, it may well be as good a place as any to begin. In writing this book, he takes the reader beyond the realm of dreams to a realm in which the mechanisms of dreams intrude upon our waking consciousness. "Sidewalk Oracles: Playing with Signs, Symbols, and Synchronicity in Everyday Life" is an encounter, written in Moss' characteristically engaging style, with the magical voice of the universe, the higher self, or that which gives us pause when we discover it, to consider that there is indeed an intelligence guiding or at least, nudging life along. Moss encourages us to be open to the hints, those coincidences that occur in our lives, and teaches the reader how to incite them in everyday experience. Be careful though! This book will not only make you more sensitive to the whispering voice of synchronicity and coincidence, but it will make you wanting so much more of it! This book, is not only a delight from cover to cover, but a book you will want to keep close to your side where ever you go! You will not be able to put it down once you start reading it, and you will not be able to read it only once! Sidewalk Oracles: Playing with Signs, Symbols, and Synchronicity in Everyday Life

If you feel flat and your life feels small reading "Sidewalk Oracles" will open you up to engaging your bigger self, your bigger life and story. In our hurried lives, we have shut ourselves down to focus on handling the day-to-day details and in our precious free time we distract ourselves a million meaningless ways. Robert Moss will engage and entertain you with personal anecdotes about how he navigates through his life, while introducing you to fun games and techniques that will crack open your awareness and creativity. What are you waiting for? The Big Adventure is calling!

The reminder that all life experience can be enriched by signs, symbols, and their stories. Robert Moss is best known as a teacher of dreamwork. Here he makes the point that all life can be construed as a dream and offers ways to access this way of knowing. This book is a delightful combination of Trickster wisdom and the keys to unlock that way being being in the world. He doesn't say, but I will, that he's treating waking life as a middle world journey, full of its own clues given to those who can read them and choose to do so. Nicely done.

Suddenly, I am finding myself changing my routines in my everyday life because of this book, Sidewalk Oracles. Life is calling me all the time. My dreams enter the world to find an answer in a bird, a word written somewhere in my crowded city. Magic has come to my world with this book. I must say that is a new way of approaching my days, with more adventure and gratitude. I just cannot say enough about the book, because after all, who can describe the magic of the soul once

it is awakened to live differently? Thank you Robert Moss.

If you are searching for a way to Life to become exciting and playful, this book will help you find your path to joy. Robert is an extraordinary teacher, but along with his teaching and stories, he invites you to live your larger life, shows you the way, and there is no greater gift!

After reading almost everything Robert Moss has written, I was excited and curious to discover what new insights and discoveries were in store for me within Sidewalk Oracles. I was led on a playful and mischievous romp through his personal distillation of dream techniques and imaginal living. Grounded in history, mythology and science, Moss presents deep and powerful principles in the language of the storyteller, making a meaningful magic available to everyone with a willingness to dive in and experiment with the exercises included in this book. I noticed an increase of synchronicity while reading Sidewalk Oracles. A lot of my friends will be receiving this book for Christmas and birthdays!

I love this book! I recently interviewed Robert Moss for our Inspire Nation Show, and I just want to keep going back to his book, reading, and re-reading, and re-reading some more. We live in a magical world, filled with signs, symbols and synchronicity all around! Sometimes they're hard to see, but with Robert Moss (and his book) as your guide, they begin appeared, left, right and center! I love the stories Robert shares, and the interpretations he applies to events. It helps me see the magic, and the world around us, in a more colorful, vibrant light, as if he's lifted a layer of the veil. Out of all of the books I've read, this is one of the most influential for me. Why? Because life is truly magic, and having read Robert's book, I'm seeing more and more magic all around!!! I cannot recommend this book enough!!!

This is a great addition to my Robert Moss collection of books. Robert is a great story teller and weaves both modern and ancient stories through a collection of exercises on oracle reading. Whether you are serious about oracles and chance happenings or just like to toy around with these ideas, you'll love this book. He has a vast knowledge of stories and beliefs from all over the world and he weaves these into exercises with rich spiritual wisdom. There are stories and exercises for everyone in this book. This book is definitely a universal, all-religious-tolerant approach to spirituality.
