Hidden Water: From The Frank Stanford Archives

Synopsis

"#147;The big event in poetry for 2015 will likely be the long-awaited resurrection of Frank Stanford, a legendary badass from Arkansas, much of whose poetry has been unavailable since his suicide at the age of 29 in 1978#133; Stanford was a hell of a metaphor-maker and simile-slinger, and could cast a spell of extreme intensity with a flick of his wrist.â •#151;NPR.org"His love poems can sound like the cry of an angel falling backward through an open window, to borrow Dwight Yoakamâ™s line about Roy Orbisonâ™s voice. . . . Mr. Stanford could lose his heart without blowing his cool.â •#151;New York Times"It is astounding to me that I was not even aware of this accomplished and moving poet. There is a great deal of pain on the poems, but it is a pain that makes sense, a tragic pain whose meaning rises from the way the poems are so firmly molded and formed from within."#151;James WrightHidden Water: From the Frank Stanford ArchivesÂ is 200 pages of unpublished poems,Â photographs, artwork, and facsimiles ofÂ typesheets, handwritten drafts, and letters. A preface is written by editor Michael Wiegers and an appreciation by Stanford's friend Steve Stern. The book also includes downloadable audio of special guests reading Stanford's poetry. Customer Reviews

This is a great companion to the large collection of poems that was released earlier this year called: "What About This?" I love being able to see all of this amazing ephemera from his days or poetry production and being a land surveyor

Absolutely worth owning
