Customer Reviews

Very interesting and informative.

Although the idea for this book is good, the author has included information that is incorrect. For example Crane city is not a city in Barbados, in fact it doesn't exist. Apart from the main town of Bridgetown, other towns are Oistins, Holetown and Speightstown. Trafalgar Square was renamed Heroes Square in 1999 and it is not a place where people shop...it's a monument. Barbados became independent in 1966 and did not 'rejoin Britain'. Barbados does not export 50 million dollars in rum... it exports. I wonder if the author has even visited Barbados. Please do your research before you publish your writing.

I enjoyed the photos, interesting facts info covered in detail: I encourage anyone to read. You will not be disappointed with the material.
