Customer Reviews

I gave this review 4.5 stars. The feline Memes were funny, most are ones I've not seen before. My only complaint was the author didn't list all the sources of Memes. A few memes had URL address. Put in a source citation page & I will give book 6 stars

This book was great! I just got the sample, but all the memes were hilarious! My favorite was the one about the birthday wishes. It makes me laugh every time I read the book. Great book.
